

Bio-Chel™ Fe Liquid

5% Fe w/v

Bio-Chel Fe is a liquid micronutrient, complexed using a unique modified lignin source which has been optimised to ensure stability and availability across a wide pH range of between 2.0-9.0. Ideal for use in irrigation systems or within spray tank mixes.

CROPS

For use in all agricultural crops including cereals, vegetables, fruit crops, vine and citrus crops and ornamentals.

RECOMMENDATIONS

For fertigation apply 15-22 litres per Ha per growing season.

For foliar application use at 2.0-4.0 litres per Ha depending upon crop in 200-800 litres of water per Ha.

For more detailed application rates please contact Engage Agro.

PRECAUTION STATEMENTS

P280: Wear protective gloves/protective clothing/eye protection/face protection

P305+P351+P338: IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.
