

## Precautions/Personal Protection

**Heating:** do not overheat the drum of Mas Power fruit as heating may cause sulphur dioxide gas to evolve.

**Handling:** Wash hands thoroughly after handling and before eating or smoking.

**Storage:** Store in original container and keep closed when not in use and when empty. Protect from freezing. Protect from damage. Active Fruit is considered to have a low toxicity to humans.

## Warning

- May cause eye irritation or a burning sensation.
- May cause skin irritation with prolonged contact.
- Skin absorption is unlikely to occur.
- Do not ingest as solution may cause stomach discomfort.
- Avoid inhalation of spray/mist as this may cause irritation of the nose, throat and respiratory tract.
- Avoid release to the environment.

READ ENTIRE LABEL BEFORE USING.  
SHAKE WELL BEFORE USE.  
KEEP OUT OF REACH OF  
CHILDREN.

# MAS-Power Active Fruit

## 32.0% Potassium + Natural extracts

**MAS-Power Active Fruit** is a new foliar nutrient package designed specifically increases the size and quality of all fruits. Using a unique package of specifically chosen elements and natural extracts, Active Fruit will also aid crop and plant quality, health and tolerance to abiotic stress factors.

## Guaranteed Analysis

	w/w	w/v	g/l
Potassium (K <sub>2</sub> O)	22.3%	32.0%	320
Sulphur (S)	15.2%	21.0%	210
Nitrogen (N)	0.06%	0.09%	9
Magnesium (MgO)	0.03%	0.045%	4.5

Plus MAS-Power Active Fruit extract package

## Crops

All fruiting species including top fruit, stone fruit, berry fruits, vine crops and fruiting vegetables.

## Directions for Use

MAS-Power Active Fruit is specifically created for foliar use. For a correct application of the product it is recommended to apply enough water ensure full coverage of the applied crop. The recommended application rate for all fruiting crops 2.0-3.0 Litres per hectare diluted in 500-1000 L of water (according to type of crop and mode of application). Avoid application when temperatures exceed 30°C and or in full sun. MAS-Power Active Fruit contains high levels of available nutrients and should only be used as recommended.

## Compatibility

MAS-Power Active Fruit is compatible with most known pesticides, PGR's and nutritional foliar products and will sit well within tank mixes, however it is advisable to conduct a jar test or speak to your Engage Agro adviser where mixes contain multiple products or where a pesticide is being used for the first time.

It is not recommended to mix MAS-Power Active Fruit in concentrated form with multiple products in a pre-mix.

It is advisable for optimal result of tank mixes to achieve a mix pH of 6.0-7.0. Do not add to strongly acidic tank mixes.
